

Excellent marine starting with extended cycling power.

MARINE & RV

DURACELL®

2x Durability & Dependability

Make battery selection one of the easiest choices for your boating and RV customers by selling one of the world's most recognizable and trusted brands.

Introducing Duracell Marine & RV AGM Batteries, the smart and easy power choice.

These CopperTop batteries provide maximum power to easily handle today's electronic accessories — everything from live-wells, GPS systems, stereos, and hazard lighting to just about anything else that plugs in or turns on.

Plus their advanced technological design **delivers twice the durability and dependability**. That means trusted starting power with every turn of the key, whether your customers are 3 miles from shore or 3000 miles from home.

Help your customers get on the water, or power their RV, with the confidence of new Duracell batteries, available exclusively through East Penn Manufacturing.

ABSORBED GLASS MAT technology means:

- More starting and accessory power
- Extra protection against wave-pounding vibration damage
- Longer battery life even in corrosive salt-water conditions
- Maintenance free - completely sealed, no-spill design allows multiple installation options

Your customers know the Duracell name. They trust the Duracell reputation for power and performance — and have for 40 years. Now you can sell your customers all the advantages of Duracell for their cars, trucks, SUVs, boats and RVs.

Introducing the complete line of Duracell automotive and marine/RV batteries. Not just another car battery, advanced technology and premium design make these new batteries some of the most reliable in the world.

That's trust your customers can count on for high starting power in the toughest conditions, extra power for today's electronic accessories, superior under-hood heat protection, and long-life performance.

Stock and sell Duracell today. Put the power of the CopperTop on your store shelves.
